THE UNION REVIEW

Brothers and Sisters,

I wanted to keep the members informed as protocols are changing daily. Members have had questions regarding who is considered essential and who's not. Many factors are taken into consideration at this time as who needs to be here at work and who doesn't at this time. The need will vary across departments. Please be patient with everyone as we're in uncharted territory and having several conversations with our County administrations, Supervisors and other Union leaders to make sure that we are serving the public to the best of our ability as well as keeping our employees safe. Please assure that these decisions are not being made without communication and input from union presidents. As decisions are made information will be shared via email from your Department Director or HR. If you have questions, please feel free to reach out to me via email at president@fsw-union.org. I thank you for your flexibility and patience during these challenging times.

In Solidarity,

Ebony Burgess, President
